**Tree Preservation Order No. TPO/90/002 at 53 Birch Lane** – Following a review of the Tree Preservation Orders in the Borough, the Council has decided to vary the above order. A Variation Order was therefore made on 21<sup>st</sup> May 2008. The reason for the variation is that in February 2007, permission was granted to fell the Silver Birch in the front garden of 53 Birch Lane due to the mechanical damage on the stem and the lean into the property. This variation has therefore been made to show the location of the replacement Silver Birch. The variation also amends the title to include the new property, 53a, in which T1 (Oak) is located.

CLERK

**Location:** Temple Farm, Ship Road, West Hanningfield.

**Applicant:** Wharf Land Investments Ltd.

The Parish Council made the following comments:-

The Parish Council have major concerns about the traffic implications on Stock once the development has taken place. There will be an inevitable increase in the traffic levels through Stock on an already overcrowded road (B1007).

The site is not currently designated for light industry and allowing a different type of usage within the development will further increase the volume of traffic.

The excess size of the development is encroaching on Green Belt land with, the Parish Council believes, an inadequate road development for access to and from the site, thus making it very attractive for users to travel along the B1007.

The Parish Council propose that a dedicated road entry and exit to the proposed industrial site be incorporated so that it is difficult for traffic to use the B1007. It is important that the proposed road is completed before clearance of the site commences.

The Parish Council urge that a Weight Restriction is imposed on the B1007 from the Temple Farm development through to Billericay as the main road through Stock is very narrow and 2 lorries are unable to pass one another at a severe pinch point outside The Cock Inn Public House. The road also passes through a Conservation Area with many listed buildings immediately adjacent to a very narrow footpath.

<p>The Parish Council recommend that the height of the buildings be dramatically reduced and should be contained to the height of the prevailing tree level. There will be a loss of the visual amenity, trees, habitat, flora and fauna.</p>	
<p>Cllr. Otter felt that the Parish Council response was inadequate for the size of the application and the effect it would have on the village. Cllr. Grundy had arranged for the Chief Executive of Wharf Land Investments to attend the next Parish Council meeting in order to answer any questions the Parish Council or public may have. The Parish Council were not in agreement with this idea. Clerk to contact Cllr. Grundy to cancel appointment.</p>	<p><b>CLERK</b></p>

In particular, they noted the high ground floor side windows for privacy have now been changed to glass doors.</p>	<p><b>CLERK</b></p>
<p><b>Application No. 08/01029/FUL.</b> Replacement outbuilding.  <b>Location:</b> 1 Little Farm Cottages, Buttsbury, Stock.  <b>Applicant:</b> Mr A. Whittle and Ms. N. Smethurst-Whittle.  The Parish Council objected to this application. The proposal is for a self contained residential unit adjacent to a semi-detached cottage in the Metropolitan Green Belt. There will be a loss of a car storage area and workshop. The character of the proposed building does not reflect that of the host semi-detached cottage and would adversely affect the character of the area. It would be over development of the site, intrusive and detrimental to the Green Belt.</p>	<p><b>CLERK</b></p>
